Gary, the number Ron Shannon supplied is for off-site disposal of wastes from CERCLA sites. It is my understanding it is for generators of wastes. Please check with Ron to confirm the significance of the "TXR" designation. I informed Ron that the PRP had requested assistance for the off-site disposal of wastes from an abandoned refinery. Both orders specify this requirement. Thanks.

Raphael:

I do not believe that the number you supplied is correct. The EPA ID number that I have for the facility is TXD086278058. Where did you get the number that you sent to him.
